

CompPharma Fact Sheet

Revised March 4, 2016

What:

[CompPharma](#), LLC is a consortium of pharmacy benefit management (PBM) firms that provide services for the workers' compensation marketplace. CompPharma gives member PBMs a platform for researching solutions to issues that affect the entire workers' compensation industry, including quality pharmacy care, technology for protecting patient safety and reducing administrative costs, uniform national standardization formats and advocacy for positive change.

CompPharma coordinates public affairs efforts, retaining lobbyists in various states, and educates lawmakers and regulators on issues related to pharmacy care in their workers' compensation systems. Our public affairs goals are to facilitate an open marketplace, ensure access to appropriate medications for workers' compensation claimants, improve patient safety, lead pharmacy care innovation, and maintain the ability of member PBMs to profitably conduct business and serve their customers.

Who:

CompPharma member PBMs are:

- Coventry Workers' Comp Services' First Script
- Express Scripts
- Helios, an Optum Rx Company
- Mitchell Pharmacy Solutions
- myMatrixx
- Optum Rx (Catamaran Rx, Healthcare Solutions)

CompPharma's affiliate member:

- Care Review

Impact:

Nationally, CompPharma's members handle more than 15.2 million workers' compensation pharmacy prescriptions a year, for a total of \$3 billion in annual prescription dollars.

When:

Established in 2006, the company is based in Maggie Valley, NC, and owned by industry consultants Joseph Paduda and Helen Patterson.
