

CompPharma, LLC

Fact Sheet

Revised May 29, 2018

What:

CompPharma, LLC is a consortium of pharmacy benefit management (PBM) firms that provide services for the workers' compensation marketplace. CompPharma gives member PBMs a platform for researching solutions to issues that affect the whole industry, including technology, standardization formats and advocacy. CompPharma works with legislators and regulators on issues related to pharmacy in workers' compensation. Our public affairs goals are to facilitate an open marketplace, ensure access to appropriate medications for workers' compensation patients, and maintain the ability of member PBMs to provide clinical services that protect patient safety, and to profitably conduct business and serve their customers.

Who:

CompPharma member PBMs are:

- Coventry Workers' Comp Services/First Script
- Mitchell Pharmacy Solutions
- myMatrixx, an Express Scripts Company

When:

Established in 2006, the company is based in Maggie Valley, North Carolina and owned by industry consultants Joseph Paduda and Helen King Patterson.
